SUMMARY

A dedicated Frontend Developer with hands-on experience in building scalable web applications using React.js, Bootstrap, and Tailwind CSS. Currently interning at WeboConnect, I focus on enhancing user experiences and improving performance through dynamic interfaces and API integration. Overcame a spinal cord injury and transitioned to programming, showcasing resilience and a passion for web development.

EXPERIENCE

- Frontend Developer (Intern)

WeboConnect Technologies pvt Ltd – Remote

Aug 2024 – Present

 - Developed dynamic and responsive web applications for real-world clients using React.js.
 - Enhanced performance by implementing techniques such as lazy loading and optimizing load times.
 - Collaborated with the backend team to integrate APIs seamlessly into the frontend.
 - Ensured polished UI and functionality using Bootstrap for styling and responsive design.
- Frontend Developer (Intern)

BazaarNXT pvt Ltd – Remote

May 2023 – Aug 2023

 - Worked on diverse web development projects, building responsive interfaces using React.js and Tailwind.
 - Gained proficiency in API integration and performance improvement for client projects.
 - Collaborated with the backend team to integrate APIs seamlessly into the frontend.
 - Collaborated in a supportive team environment to meet project goals and deliver high-quality applications.

SKILLS

Frontend Technologies: React, Bootstrap, Tailwind CSS, HTML, CSS, JavaScript

Performance Optimization: Lazy Loading, Load Time Improvement, SEO Best Practices

API Integration: RESTful APIs

Responsive Design: Mobile-first design, Cross-browser compatibility

Version Control: Git, GitHub

Learning : Backend

PROJECTS

- Social Media Web App ([Live](#))

 - Tech Stack:** React, Tailwind CSS, Bootstrap, React Router DOM, Fisher-Yates Algorithm, Local Storage.
 - Developed a fully functional frontend for a social media web app with features like post likes, profile picture uploads, and cover photo functionality.
 - Managed data using local storage, providing dynamic user interaction and personalization.
 - Utilized React Router DOM for smooth page navigation and the Fisher-Yates algorithm to shuffle user data.
 - Designed a responsive, user-friendly interface using Tailwind CSS and Bootstrap.
 - Next Steps:** Currently working on integrating backend functionality to enable post uploads and reels scrolling for a richer user experience.
- Personal Portfolio Web App ([Live](#))

 - Tech Stack:** React, Tailwind CSS, Bootstrap, JavaScript.
 - Developed a personal portfolio showcasing all frontend projects, skills, and experiences.
 - Designed with a clean and responsive UI using React and Tailwind CSS to provide a seamless user experience across devices.
 - The portfolio features project listings, details about my journey, and links to relevant repositories and contact information.
 - Next Steps:** Planning to integrate backend functionality, enabling other students to download notes, interview questions, and important roadmaps to assist in their learning journey.

PERSONAL ACHIEVEMENTS

- Transitioned into web development after recovering from a spinal cord injury, showcasing resilience and adaptability.
- Completed two successful internships, contributing to client projects and developing real-world solutions.

EDUCATION

- 10th Pass

CBSE Board (55%)

2019-2020

 - My traditional education was interrupted in 2020 due to a spinal cord injury, which significantly impacted my ability to continue.
 - Despite the challenges, I made the resolute decision in 2022 to shift my focus toward programming, dedicating myself to mastering web development through self-study, internships, and hands-on projects.
 - This journey reflects my resilience, self-discipline, and commitment to building a successful career in tech, overcoming obstacles with persistence and hard work.

INTERESTS

- I enjoy exploring new tech innovations especially in AI and web development trends, Traveling, and sharing knowledge with peers.
